The Fish Are Cheering, Shhh! We can sort these words into words with the letters **ch**, **tch**, **sh**, or **th**. I'll give you a word to spell. After you spell it, we can write it down in the correct column.

Home-School Connection

Dear Family Member:

There is a dance school where children learn many types of dancing. *Alvin Ailey Kids* tells about children practicing for a performance. It tells how the children get ready and describes the classes they take. If I look for important ideas and facts, I can tell the story later in a short way. I will know how to give a summary.

So Much To Do!

The Dandy Beaver family is quite smart. Let's read their story together and underline the parts we think are important. When we finish, we can tell someone a summary of the story.

Danny and Daneesha are part of the Dandy Beaver family. Danny makes a lot of jokes, and Daneesha likes to sing. Dad and Mom cut down logs. They use their big front teeth to cut the trees. The family eats the bark.

The Dandy Beavers swim to the other side of the stream. The sun is out, and the water is sparkling. Mom and Dad work hard and begin to float their new logs back to their side of the stream. All of a sudden, the water moves faster and

carries away the logs the Beavers worked so hard to cut down.

But wait! Mom and Dad take branches, mud, and rocks and

build a wall from one side of the stream to the other. "Look!" cries Danny. The water can't go over the logs. The water stands still and becomes a pond. The Dandy Beavers can float their logs from side to side.

Best of all, they can live in the wall. They can swim and catch small fish. Danny is telling jokes. Daneesha is singing.

Conexión con el hogar

Queridos familiares:

Hay una escuela de danza donde los niños aprenden diferentes clases de bailes. *Alvin Ailey Kids* trata de los niños que ensayan para una función. Cuenta cómo los niños se preparan y describe las clases que toman. Si busco ideas importantes y hechos, podré después contar el relato en pocas palabras. Seré capaz de hacer un resumen.

¡Cuánto que hacer!

La familia de Dandy Beaver es bastante inteligente. Vamos a leer juntos la narración y a subrayar las partes que nos parecen importantes. Cuando terminemos, le podemos hacer un resumen del cuento a otra persona.

Danny and Daneesha are part of the Dandy Beaver family. Danny makes a lot of jokes, and Daneesha likes to sing. Dad and Mom cut down logs. They use their big front teeth to cut the trees. The family eats the bark.

The Dandy Beavers swim to the other side of the stream. The sun is out, and the water is sparkling. Mom and Dad work hard and begin to float their new logs back to their side of the stream. All of a sudden, the water moves faster and

Koneksyon lakay ak lekòl

Chè manm fanmi :

Genyen yon lekòl dans kote timoun aprann anpil kalite dans. *Alvin Ailey Kids* pale konsènan timoun k ap fè repetisyon pou yon pèfòmans. Li pale konsènan fason timoun yo prepare yo epi li dekri klas y ap pran yo. Si m chèche ide ak fè ki enpòtan, mwen ka rakonte istwa a pita yon fason ki kout. Mwen pral konnen ki jan pou m fè yon rezime.
